HOW TO USE IT

1
Write every job you apply to.

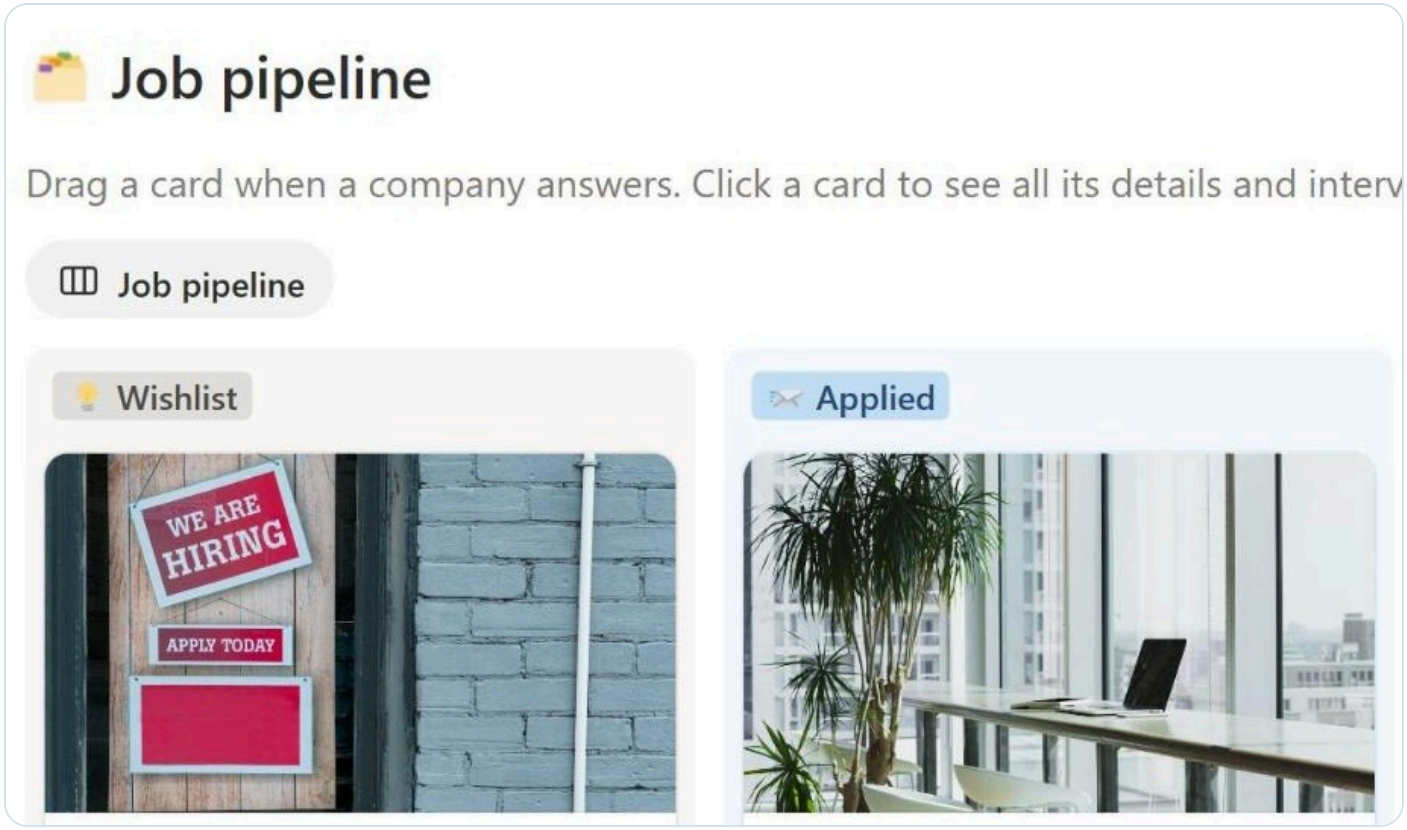

2
Update the status and next step each week.

3
Fill the prep page before each interview.

Job Application Tracker for Notion

The same idea in Notion: every job from Wishlist to Offer, with the next step on each card.

Job pipeline
Drag a card when a company answers.

Next step
The next step shows on every job.

Every job
Click a card to see all its details.

On your phone
Check it in the Notion app before an interview.
